ABOUT THE 2026 EVENT

The Ghana Business Standard Awards seek to celebrate organizations committed to remarkable business standards in their sectors, and industry leaders breaking barriers of excellence across the Ghanaian business region and the world at large. The Ghana Business Standard Awards (GBSA) provide a platform to encourage the introduction of standard processes, services or products, and the improvement of existing methods or practices to affect positive change in the businesses of Ghana. The Awards recognize standard-makers, excellence achievers and responsible organizations and individuals which adhere to the local business requirements while consistently improving their organization's performance.

AWARDS PROCESS

1. Companies and business leaders in Ghana are nominated by an independent Research Board.
2. All information submitted according to the criteria of the category, will make the nominee eligible as a candidate.
3. Documents will be compiled and submitted to the research board and complete evaluation on the information. Dossiers are created and submitted to the awarding board.
4. Participants will be judged by an independent awarding board, appointed by the chairperson of the awarding board.
5. The awarding board reviews the shortlist by the Research Board and then determine the finalists for each category.
6. Award Confirmation letters are written to the individuals and companies after Awarding Board Approval
7. The winners will be announced at the gala dinner.
8. The finalist has to be present to accept their trophies at the award ceremonies.

CRITERIA FOR GHANA BUSINESS STANDARD AWARDS

The companies and individuals selected for the Ghana Business Standard Awards are evaluated and graded by the Awards' Research Board, by running an independent survey using engagement methodologies under the selection criteria below:

- Quality
- Market Dominance
- Customer Loyalty
- Industry Merits.
- Innovation
- Business Resilience
- Corporate Responsibility

ABOUT THE EVENT COMPANY

KN Unique Communications is a total communications and reputation management agency that uses communication to enhance organizational performance. We specialize in the formulation and implementation of communication strategies for individuals as well as public, private and governmental institutions in both national and international environments. We are members of the Ghana National Chamber of Commerce and Industry.

Profiles

ATWIMA KWANWOMA COMMUNITY BANK PLC (AKCB)

Atwima Kwanwoma Community Bank PLC (AKCB), established in 1983 and headquartered at Pakyi No. 2 in Ghana's Ashanti Region, has grown into a customer-focused financial institution with eleven branches. The Bank

provides savings, current accounts, loans, investments, electronic banking, mobile app and foreign remittance services, combining personalized service with modern technology. As a member of the Ghana Deposit Protection Corporation, Ghana Club 100 and Data Protection Commission, AKCB emphasizes innovation, sound governance and financial inclusion. Its achievements include six CIMG Rural Bank of the Year awards. AKCB remains committed to transforming communities, supporting businesses and delivering sustainable growth.

ADK CONSORTIUM

ADK Consortium is a Management Consultant specializing in infrastructure development within the built environment. We are a multi-disciplinary team of qualified and licensed Consulting Engineers, Architects, Surveyors and Allied

Professionals. Since its formation in the 1970's, ADK's success story is best told by the numerous and quality projects the company has consulted on. ADK Consortium has developed a reputation as a reliable and efficient company successfully delivering projects of varying scope and complexity. ADK places value on recruiting, training, and retaining local talent and thus contributes to the growth and development of the built industry in Ghana.

ST JOHN'S HOSPITAL & FERTILITY CENTRE

St John's Hospital & Fertility Centre, located at Tantra Hill Junction, Accra, began operations in 2012 with three beds and five staff. It has grown into a healthcare facility with over 40 beds and more than 100 trained professionals, providing

general and specialized medical services. Its areas of care include obstetrics and gynaecology, fertility, paediatrics, emergency medicine, surgery, internal medicine, urology, ophthalmology, ENT, dentistry, dermatology, physiotherapy, diagnostics and home care. The hospital also operates laboratory, pharmacy, well-baby and immunization services. With a strong focus on women and children, St John's combines clinical care, training, research, customer-focused service and community health outreach.

Profiles

DOSH HEALTH INSURANCE

DOSH Health Insurance is a private health insurance provider that offers affordable and accessible healthcare coverage for individuals, families, associations, and corporate organizations. Registered and regulated by the

National Health Insurance Authority (NHIA), DOSH provides customizable annual health insurance plans to meet diverse healthcare needs. The plans cover both inpatient and outpatient healthcare services, with enhanced packages that offer additional welfare benefits. Members have access to a nationwide network of accredited healthcare providers, including hospitals, clinics, and pharmacies. Additionally, DOSH utilizes technology-enabled payment and claims processing systems to make accessing healthcare more convenient for its members, supported by 24/7 customer service.

SEFWIMAN COMMUNITY BANK PLC

Sefwiman Community Bank PLC, incorporated on 1 October 2003, provides rural and community banking services from its Head Office in Bibiani, Western North Region, and operates seven branches. From an initial eight employees,

the Bank has grown significantly, serving 44,800 customers with 123 employees and total assets of GHS192.47 million as of December 2025. The Bank is governed by a seven-member Board and supported by nine management members. Its mission focuses on financial intermediation, economic and social development, and poverty alleviation. Its vision emphasises exceptional customer service, employee growth, shareholder value, community impact, regulatory collaboration, integrity, innovation, financial inclusion and customer satisfaction.

REVOOBIT SDN.BHD.

Revoobit Sdn. Bhd. is a Malaysia-based global health and wellness company founded in 2019, combining product innovation, nutrition, technology and entrepreneurship to improve everyday wellbeing. Through its MiiraCare range

and member-focused business platform, Revoobit empowers individuals to pursue healthier lifestyles while building sustainable income opportunities. The company is expanding across the African continent, with Ghana serving as a growing hub for members, distributors and customers. Guided by quality, integrity and continuous innovation, Revoobit invests in education, leadership development and enduring partnerships. Its vision is to build healthier, financially empowered communities and contribute positively to sustainable growth throughout Africa and beyond.

Profiles

MULTIX LTD

Multix Ltd, established in 2017 and headquartered at Toman, Amasaman along the Accra-Kumasi Highway, Ghana, provides engineering, fabrication, manufacturing and maintenance services. The company supports clients and stakeholders through a flexible workforce and a qualified professional management team. Its well-equipped engineering workshops provide facilities for machining, heavy fabrication, plant and general maintenance, plate fabrication and coded welding. Multix manufactures and services equipment including semi-trailers, lowbed trailers, tankers, terminal trailers, goods lift elevators, overhead cranes and steel structures. Its engineering capabilities also cover structural fabrication, hydraulic and pneumatic systems, mechanical maintenance, industrial equipment repairs and construction-related services, supporting diverse industrial and commercial requirements.

ANKOBRA WEST COMMUNITY BANK PLC

Ankobra West Community Bank PLC was established in 1977 and began banking operations in 1978 as Ghana's fourth rural bank and the first in the Western Region. Headquartered in Esiam, the bank provides customized financial services to individuals, farmers, small businesses, and communities. Its offerings include savings, loans, agricultural financing, consumer credit, salary loans, and digital banking services. The bank serves communities across the Western Region and has more than 25,000 customers according to its current website. In 2025, it reported significant growth in deposits, lending, profitability, and capital, reflecting continued expansion and digital transformation.

AMENFIMAN COMMUNITY BANK PLC

Amenfiman Community Bank Plc, headquartered in Wassa Akropong in Ghana's Western Region, has provided banking services since 1980. The bank offers essential financial solutions to individuals, businesses, and communities, with a strong focus on financial inclusion, stability, and sustainable growth. Over the years, it has expanded to 18 branches and six mobilization centres across the Western, Western North, Central, and Ashanti Regions, employing more than 600 people. The bank operates under the leadership of its Board Chairman, Professor Lucas Nana Wiredu Damoah, and Managing Director, Dr. Alexander Kwadwo Asmah. Its growth reflects continued efforts to provide accessible and customer-focused community banking services.

Profiles

SONOTECH MEDICAL AND DIAGNOSTIC CENTER

Sonotech Medical and Diagnostic Center is a privately owned Ghanaian healthcare company providing 24-hour clinical, diagnostic imaging, laboratory, and pharmacy services. Established in 2012 and fully operational from 2013, it has expanded from an ultrasound center into a broader medical and diagnostic facility. Its locations include Osu, Tema Community 9, and West Hills Mall, with LinkedIn also listing a Swedru location. Services include CT scans, MRI, ultrasound, X-ray, laboratory testing, specialist consultations, pharmacy, and radiology reporting. The company employs medical professionals and specialists and receives referrals from major healthcare institutions, including Korle-Bu, Ridge, Police Hospital, and other facilities.

GLICO GROUP

GLICO Group is a Ghanaian financial-services conglomerate that traces its origins to 1987, when Dr. Kwame Achampong-Kyei established GLICO Life, then known as Gemini Life Insurance Company. The Group has since expanded into six principal subsidiaries: GLICO Life Insurance, GLICO General Insurance, GLICO Healthcare, GLICO Pensions, GLICO Capital, and GLICO Properties. Its services cover life and general insurance, health insurance, pensions, fund management, financial advisory services, and real estate. GLICO Group is headquartered at GLICO House on 47 Kwame Nkrumah Avenue in Accra. Dr. Kwame Achampong-Kyei remains the Founder and Executive Chairman of the Group.

PROPERTY DATABANK GHANA LIMITED

Property DataBank Ghana Limited is a fully chartered Ghanaian real estate services and consultancy firm specializing in land and property solutions. Accredited by the Ghana Institution of Surveyors (GhIS), the company combines professional expertise, extensive market knowledge, and multidisciplinary experience. Its team includes professionals affiliated with RICS, ICA, CIT, the British Higher Education Academy, and the Ghana Bar Association. PDB provides property valuation, consultancy, asset management, development, land advisory, and investment services. The company delivers practical, innovative, and strategic solutions that help clients make informed decisions, improve property performance, manage risks, identify opportunities, and achieve their real estate objectives with confidence.

DOSH

Heal+h Insurance

Introduction (Who We Are)

Medical health crises are nearly always unanticipated. This interruption to life and business goals, combined with the depletion of financial resources and the resulting anxiety caused by both physical and mental strains, exacerbates an already stressful scenario. DOSH is here to help you get through any health issue.

DOSH is a private health insurance company registered and regulated by the National Health Insurance Authority (NHIA). We make premium health care affordable, accessible, and easily available for everyone by utilizing cutting-edge technology that lowers costs and improves service quality.

Asset Protection

Empower yourself and protect your savings. Invest in your health to increase your financial stability and ensure your future financial well-being.

Our Value Proposition (Service Promise)

DOSH offers complete "whole body and mind" plans, for every major body system.

Our Packages

DOSH provides annual renewable and, most importantly, "customizable" policies that cater to members' diverse health needs with designated payouts for both in-patient and out-patient services, ranging from DOSH-365, which provides GHS 9,000 insurance coverage for GHS 365, to DOSH-10000, which provides GHS 190,000 insurance coverage for GHS 10,000. Our **Enhanced Packages** are all welfare-inclusive.

DOSH is linked with a large number of accredited Health Services Providers (HSP) throughout the country. This includes hospitals, clinics, medical facilities, and pharmacies from private health institutions, governmental health facilities, and Christian Health Association of Ghana (CHAG) facilities.

DOSH Instant Payment

With DOSH, there is never a payment "wahala." To guarantee that member care is uninterrupted, providers are paid instantly and in real-time as health services are used. We enable member approval of every payment with real-time usage reporting, which gives members total control of their health service consumption and choice of facility.

The People We Serve

When it comes to health insurance, "one size fits all" is a misnomer.

DOSH Health Insurance provides customizable products targeted at the healthcare requirements of any customer segment and demographic, including individuals, traders, artists, families, professional associations or unions, and corporations, with coverage for "basic" needs, to bespoke healthcare policies.

Client / Customer Services

The DOSH customer is the foundation of our business and service philosophy. We invested heavily in premier customer service infrastructure and technologies, along with relationship managers and a 24/7 toll-free helpline, ensuring an exemplary customer service experience. DOSH Health Insurance operates on an effective and efficient electronic claims processing infrastructure, which enables the receipt, review and processing of claims, in real-time, and the delivery of instant notifications of final cost to members, after service delivery.

Profiles

DANERST CO. LTD

Danerst Company Limited is a Ghanaian recruitment and human resource services company established to connect qualified job seekers with employers. The company addresses challenges including unemployment, skills

shortages, inefficient recruitment processes, and workforce-management difficulties. Its services include staff recruitment, outsourcing, job placement, training, career guidance, consultancy, and human resource support. Danerst is committed to providing reliable, efficient, ethical, and professional workforce solutions that help businesses build skilled and productive teams. At the same time, it creates employment opportunities and supports individuals in developing their careers. The company's vision is to become a leading and trusted recruitment and HR consultancy in Ghana and beyond.

AYO INTERMEDIARIES GHANA LTD

aYo Intermediaries Ghana Ltd, in partnership with MTN Group and underwritten by Sanlam Allianz Insurance Ltd, provides affordable and accessible microinsurance products to MTN subscribers across Ghana. Its offerings include

hospitalization, life, funeral, family, and pay-as-you-go motor insurance, with premiums conveniently paid through airtime or MoMo. Over the years, aYo has insured millions of lives and paid significant claims to policyholders and beneficiaries. The company focuses on improving financial resilience, particularly for low-income households, by helping customers manage unexpected medical, funeral, and income-loss expenses. Through digital technology, convenient payments, and simplified claims processing, aYo aims to make insurance accessible to every Ghanaian.

ASAWINSO COMMUNITY BANK PLC

Asawinso Community Bank plc is a Ghanaian rural banking institution established in 1983 as a limited liability company under the Companies Code, 196 Act 179, and operating within the regulatory framework of the Banking Act, 2004

(Act 673). Headquartered in Sefwi Asawinso in Ghana's Western North Region, the bank serves communities through branches in Asawinso, Asafo, Juaboso, Bonsu Nkwanta, and Amoaya. The bank focuses on delivering accessible and quality banking services to individuals, businesses, and communities. Its mission is to become one of Ghana's leading rural banks by providing excellent services through competent staff, competitive products, innovative methods, and cost-effective banking solutions while pursuing efficient management.

Profiles

RAMOTH SERVICES LIMITED

Ramoth Services Limited is a fully Ghanaian-owned company established in 1975 to provide mine support services to Ghana's mining industry. Over the years, the company has diversified into mining operations, open-pit

mine management, tailings dam construction and management, civil engineering, geotechnical engineering, and plant and equipment leasing. Ramoth has built a reputation for providing safe, reliable, and quality engineering and mining support services to major mining companies in Ghana. Its clients and partners include AngloGold Ashanti, Newmont, Asanko Gold Mine, Chirano Gold Mines, Maxmass Limited, and the Environmental Protection Agency. The company is headquartered in Kumasi and serves Ghana's mining and engineering sector.

TAGWOOD CONSTRUCTION

Tagwood Construction is a Ghanaian construction and outdoor-living company specializing in the design, fabrication and installation of premium wood and aluminum pergolas and outdoor structures. With over 100

pergola projects completed, Tagwood combines quality materials, skilled craftsmanship and disciplined site execution to deliver durable, refined spaces. Our services include rooftop, wall-to-wall and car park pergolas, roofing, flooring, door installation, repairs and general construction. We prioritize structural strength, clean detailing and finishes designed to last. Working with homeowners, businesses, developers and building professionals, Tagwood Construction continues to add value and style to every space, with a vision to become Ghana's leading pergola and outdoor-living solutions company.

SKONES SECURITY LIMITED

Skones Security Limited is a wholly Ghanaian-owned security company established in 1999, providing comprehensive security solutions to individuals, businesses, and organizations nationwide. Headquartered in

Abelemkpe, Accra, with branches in Kumasi and Tamale, the company employs more than 1,200 trained and vetted personnel. Its services include 24/7 guarding, cash-in-transit and cash management, escort and bullion services, CCTV and electronic security systems, access control, alarms, vehicle tracking, crowd control, and security assessments. Skones combines trained personnel, secure logistics, modern technology, and risk-management practices to deliver tailored and cost-effective solutions. Founded by Alhaji Iddi Sumaila, the company operates under the motto, "Security with Integrity."

Profiles

IPEC TRUST MICRO-CREDIT ENTERPRISE

IPEC Trust Micro-Credit Enterprise is a socially responsible Ghanaian financial institution focused on promoting financial inclusion and supporting underserved communities. The company provides affordable microloans

to low-income individuals, women, and small businesses to help strengthen livelihoods and stimulate local economic growth. Beyond lending, IPEC Trust offers practical financial literacy and responsible credit-management support to improve customers' financial resilience. The institution operates with a strong commitment to compliance, integrity, and transparency while adhering to Bank of Ghana regulations and protecting client trust. By combining accessible financing with financial education, IPEC Trust seeks to promote sustainable, community-driven economic development and support entrepreneurs in overcoming financial and business challenges.

VICTOR ELECTRONICS

Victor Electronics has spent the last 12 years earning the trust of households and businesses across Ghana's Volta, Greater Accra, and Central regions. With 10 branches spread across these regions, we have grown into a trusted and

recognized name in consumer electronics retail, guiding customers to the right products, standing firmly behind every sale, and building lasting relationships rather than one-time transactions. Our unwavering commitment to honest service and reliable after-sales support has made us a preferred destination for quality electronics across the regions we serve. Victor Electronics remains dedicated to the principle that built our reputation: putting customers first, always, every single day.

DXN GHANA LTD

DXN Ghana Ltd is part of DXN Global, a Malaysian multinational company established in 1993 and specializing in the cultivation, processing, manufacturing, and distribution of health and wellness products. Its product

portfolio includes functional foods, beverages, nutritional supplements, personal care items, and beauty products. DXN operates through a direct-selling business model that provides individuals and entrepreneurs with opportunities to develop businesses while promoting healthier lifestyles. The company emphasizes quality, innovation, and customer satisfaction across its international operations. DXN expanded its presence into Ghana in May 2026, providing consumers with wellness products while creating entrepreneurial opportunities for distributors and supporting the growth of its direct-selling network in the Ghanaian market.

Profiles

CHOPBOX TECHNOLOGIES LIMITED

ChopBox Technologies Limited is a Ghanaian technology-driven company established in 2022 to address challenges in Ghana's education ecosystem. The company operates a one-stop e-commerce platform providing more than 10,000

school and household products, with nationwide delivery across all 16 regions. Its offerings include school supplies, groceries, pharmacy items, electronics, prospectus materials, and the Skool Box, a plastic school storage box endorsed by the Ghana Education Service and TVET Commission. Led by Founder and CEO Casey Owusu, ChopBox has built partnerships with Access Bank Ghana, MTN, GNAPS, COCS, and other organizations. The company aims to make education-related services more convenient, affordable, accessible, and efficient across Ghana and Africa.
